CANADIAN SUBSIDY FOR COLONIAL LINE

VANCOUVER, B. C., Jan. 17.—The
Canadian Government, after corre-
spondence with New Zealand, has de-
termined to provide for the establish-
ment of a steamship connection be-
tween New Zealand and Vancouver,
and \$50,000 is being placed on the es-
timates as a proposed subsidy.

The present steamers sailing between
British Columbia and Australia do not
touch at New Zealand, but it is un-
derstood the contractors are ready to
improve their service and to have their
steamers call at New Zealand ports.
If satisfactory arrangements can be
made on this basis with the two gov-
ernments concerned, this may be done;
otherwise separate contracts will be
made for regular steamers between
New Zealand and Vancouver, to which
the respective governments will con-
tribute each a subsidy of \$50,000.

The New Zealand Parliament has
voted Canada a substantial tariff pre-
ference and regular means of communi-
cation will enable Canadians to take
advantage of the opening for the de-
velopment of foreign commerce.

You go to your barber, week after
week, hoping the shampoo will cure
your dandruff. But the dandruff con-
tinues to form as badly as ever. The
trouble is you do not get it in the
right way. The scalp is diseased, and
you must cure it before your dandruff
will ever disappear. Simple washing
will never bring this about.

Ayer's Hair Vigor

This splendid hair preparation cures
dandruff because it cures the disease
of the scalp, and then the dandruff
soon disappears for good.
Ayer's Hair Vigor will prevent dan-
druff, and at the same time it will
keep your hair soft and glossy.

COMMERCIAL NEWS.

BY DANIEL LOGAN.

Another active week on the stock and bond exchange has closed with a quiet
but firm market. Saturday's record of sales was the shortest of the week. As
compared with the previous week, prices have changed but slightly. Advances
have been greater in both number and degree than declines. Considerable
of fluctuations in the middle of the week produced an impression that quite a general
drop was occurring. That such is not a fact will be seen from the following
comparison between the range of prices as reviewed last week and the quotations
on yesterday's stock sheet:

Ewa was \$28.50 to \$30, and is now \$32.50 asked and the same last sale.
Waiakula was \$75 to \$85, and is now \$83 asked and \$84 last sale.
Oahu was \$130 to \$137.50, and is now \$150 asked and \$142.50 last sale.
Kihei was \$12 to \$14, and is now \$17.50 bid and \$17 last sale.
Honokaa was \$20.125 to \$25, and is now \$24.50 asked and the same last sale.
O. R. & L. Co. was and is now \$70.
McBryde was \$8.50 to \$9, and is now \$12 bid and the same last sale.
Olau was \$7, and is now \$9 to \$10 and \$10 last sale.
Ookala was \$8 to \$9, and is now \$10.50 asked and \$10 last sale.
Kahuku was \$28.50 and \$28, and is now \$35 bid, \$37 asked and \$35 last sale.
I. L. S. N. Co. was \$122.50, and is \$125 bid and \$122.50 last sale.
Wilder's S. S. Co. was \$150, and is \$125 bid and \$140 last sale.
H. C. & S. Co. was \$82.50 to \$87.50, and is now \$91.50 bid, \$95 asked and
\$93.50 last sale.
Onomea was and is \$37.
Hawaiian Agricultural was \$34, and is now \$34.25 bid, \$35 asked and \$36
last sale.
Pioneer Mill Co. was \$150, and is now \$165 bid and \$140 last sale.

GENERAL REVIEW.
Brokers are not surprised that the
stock market has shown a tendency to
tone down. They point to the enormous
amount of Hawaiian stocks from
San Francisco lately absorbed by the
local community. A member of the ex-
change received in the Alameda's mail
the accounts of \$30,000 of stocks be-
personally bought there, but the transac-
tion is now too stale to report here
formally. As the returns come in from
the high sugar market there will be an
enhanced demand for bonds, and this
consideration makes many operators
think that the Waiakula bonds will be
taken up shortly as a matter of course.
At the annual meeting of Kihei Plan-
tation Co. yesterday a statement was
presented by J. P. Cooke, treasurer,
giving promise of a one per cent divi-
dend toward the end of the year. A
net profit of \$76,000 for the season was
estimated. The crop will be about 4400
tons. A request has been received to
correct an erroneous statement made
at the meeting that the manager had
formerly estimated the crop at 5500
tons. He had made no estimate. On
good authority it is learned that the
reason the directorate of Kihei made
no move toward bonding the company
was because they wished to demon-
strate to the public that the planta-
tion could yield a profit early from its
actual earnings. It is fully expected
that Kihei will next year be on a basis
of 12 per cent with sugar at 3 1-2 cents
a pound should it possibly fall so low.

Much interest attaches to the passing
of the control of Wilder's Steamship
Co. into the hands of the Inter-Island
Steam Navigation Co. The first visible
result was shown at the annual meet-
ing of Wilder's yesterday, in the
change that took place in the direc-
torate—not a complete one as the fol-
lowing list shows: W. O. Smith, presi-
dent; W. M. Giffard, vice president; S.
B. Rose, secretary and treasurer; W.
Protenhauer, auditor; C. M. Cooke, G.
C. Beckley and J. M. Dowsett, direc-
tors. Messrs. Smith, Cooke and Dow-

sett are from the I. L. S. N. Co. It is
stated on the street that, while there
will certainly be an amalgamation for
operating the business of the two com-
panies, it is highly probable that the
ultimate consummation of the merger
will be effected through the purchase
by the Inter-Island Co. of the Wilder-
er's property. There is some idle talk
about interference with the scheme un-
der Federal law. It is certain that
nothing will be done in the matter
which can conflict with either Federal
or Territorial law.

The Rapid Transit Co., has held its
annual meeting, when reports were
presented showing that its affairs are
in fine condition. More than half a
million passengers a month were car-
ried last year and a goodly net profit
was exhibited. The Auditor's report of
the Territorial treasury for December
showed receipts of \$149,879.66 against
\$247,607.26 for Dec. 1903. The expendi-
tures were \$271,647.07 against \$386,118.-
90 the corresponding month of 1903.
Loan fund expenditure for the month
was \$134,268.83, and there was just \$76-
326.22 left of the first million of the
Public Improvements Loan. The cur-
rent cash balance was \$14,892.15,
against \$68,592.03 Dec. 31, 1903. Treas-
ury warrants will have to be registered
next month. Dillon & Hubbard, the
financial counsel of the Territory in
New York, have rendered an opinion
that the bonds of Hawaii are not tax-
able in any State or Territory.

An error was made in last review
from wrong information regarding the
sale of a lease of 18,000 acres of graz-
ing land on Hawaii. A. M. Brown, who
bought it at \$4550 a year, was not
acting for A. W. Carter. The Bank of
Hawaii has acquired \$275,000 of Wai-
akula bonds and holds them for sale to
customers at 101 3-4. It is learned that
the steamer Enterprise of the Matson
Navigation Co. will not come to Hon-
olulu again for Honolulu Plantation
Co.'s refined sugar, but that the com-
modity will be shipped to San Fran-
cisco by the steamers of the Oceanic
Steamship Co. The Inter-Island Tele-
graph Co. (wireless) reports that it
transmitted about 100,000 words last
year, but would have had a monthly
deficit of \$500 except for the Govern-
ment subsidy. John Cassidy, electric-
ian, favors public ownership and an
automatic system of telephones for
Honolulu and the island of Oahu.

Land Commissioner Pratt reports
that eight of the 20 homestead lots of
Pupukea and Paumotu, Oahu, have
been taken up by bona fide settlers.

Delegate Kuhio cables that the Rivers
and Harbors bill, as reported to the
House, contains \$400,000 for Honolulu
and an item for the survey of Hilo
harbor. Articles of incorporation of
the Nahiku Rubber Co., the first com-
pany to operate a rubber plantation on
American soil, have been filed. It is
authoritatively denied that the direc-
tors of Waiakula Agricultural Co. have
ever considered increasing its capital
stock to five million dollars by the is-
sue of \$500,000 new stock. The prop-
erty of the Moana Hotel Co. was bought
at foreclosure sale for \$40,000 by H. E.
Cooper, representing the bondholders.
W. C. Peacock, who holds \$82,000 of the
\$100,000 bond issue, is now conducting
the hotel.

Jas. F. Morgan will sell under fore-
closure on Wednesday next a lot with
building at Queen and Ward streets,
Kewalo. On Saturday he will sell the
Pacific Heights electric railway plant,
also the Progress block at Fort and
Beretania streets—one of Honolulu's
modern buildings. Lands at Honua-
kaha and Waikiki road will be sold the
same day. The Fisher, Ables Co., Ltd.,
report an active business in renting
houses the past week. The demand
shows Makiki preferred. The Amer-
ican Brokerage Co., Ltd., has very
comfortable quarters on King, near
Nuuanu street, for its real estate, in-
surance and commission business.

vices at as many more places. There
are two regular corps, at Honolulu and
Hilo. These corps held 304 street meet-
ings during 1904 and over 500 meetings
in their armories. The total attend-
ance at these meetings was 28,567.

Besides their work at meetings and
their regular household duties the offi-
cers of the army have spent between
2000 and 4000 hours in visitation work.
During the past year there have been
231 professed conversions. There have
been 50,000 copies of the Salvation
Army publications, mostly War Cries,
distributed during the year. Most of
the War Cries have been sold, though
great numbers have been given away
to the poor. Surely this is a record of
work that the army can be proud of.
Following the recital of the year's
work Col. French preached an eloquent
sermon.

In accordance with the custom of
the Central Union church, by which
one Sunday evening each year is given
to the Salvation Army, Col. French
addressed the congregation at the ser-
vice last night. He made an eloquent
address and was listened to with great
attention. He told of the work of the
Salvation Army in the Hawaiian Is-
lands, giving statistics showing the
magnitude of that work. Regular
work is done on four islands and at
twenty stations with occasional ser-
